

Manufacturer's Declaration

Compatibility Solarwatt GmbH / SMA Solar Technology AG

SMA Solar Technology AG confirms herewith, that with the use of the following inverters

- SB1.5-1VL-40, SB2.5-1VL-40
- SB3.0-1AV-40, SB3.6-1AV-40, SB4.0-1AV-40, SB5.0-1AV-40
- STP 5000TL-20, STP 6000TL-20, STP 7000TL-20, STP 8000TL-20, STP 9000TL-20, STP 10000TL-20, STP 12000TL-20

in combination with the storage system Solarwatt MyReserve Matrix, the factory warranty and statutory warranty of the inverter remains valid under the following conditions imposed by SMA:

- The permitted voltage and current values at the DC terminals of the inverter are not exceeded by the storage system and PV array at any time.
- The nominal power of the PV array is a maximum of 125% of the nominal power of the inverter on the grid side.
- The feature Optitrac Global Peak is deactivated in the inverter prior to the commissioning of the storage system.

SMA Solar Technology AG assumes no liability for the functioning of the overall system and its compliance with safety requirements and standards.

Niestetal, 2018-06-11
