

Solarwatt manufacturer's declaration on order production

Solarwatt Quality

Solarwatt hereby declares that all **SOLARWATT Panel classic** are produced with our 30 years manufacturing experience and according to strong Solarwatt specifications:

- All production sites are certified according to ISO 9001 & 14001 and regularly audited by TÜV & our quality management.
- The panels are tested by independent accredited institutes and fulfill the extended test standard IEC 61215, as well as the safety standard IEC 61730.
- These products are checked according to a defined monitoring plan and additionally tested in our Dresden laboratory for their quality and long-term reliability.

This ensures Solarwatt's uncompromising quality and allows us to offer comprehensive warranties and insurance protection for all panels.
